the Truth."—St. Paul.

brooks,
So panteth my soul after Thee,
O God!

living God.
Why art thou cast down, O my

And why art thou disquieted with-
in me?
Hope thou in God; for I shall yet
praise him
For the help of His countenance.—
Ps. 42.

MAJOR AND MRS. A. M. LAMM.

This cut and the accompanying sketch is used by courtesy of the San Antonio Express and Prof. W. N. Saathoff, the local correspondent of the Express.

Sixty Years Ago Mrs. A. M. Lamm Taught Young Texans Their Three R's

YOUNG BRIDE PIONEERING IN THIS STATE WAS PAID BY A FIVE-CENT ASSESSMENT—COULD SET TYPE AND PLAY PIANO—SHE AND HUSBAND NOW OLDEST MARRIED COUPLE IN MEDINA COUNTY.

Aside from the distinction of being the oldest married couple in Medina County, Mr. and Mrs. A. M. Lamm of Hondo can turn the pages back to pioneering days and relate to the moderns some of the trials that came with instilling into young Texans the rudiments of the three R's 60 years ago. At least, Mrs. Lamm can do that for among her mementos of the yesteryears is the teachers' certificate which was granted her Sept. 14, 1871, by the superintendent of public instruction for the State of Texas. As that was the period following the cessation of Civil War hostilities it became necessary for the patrons of Prospect School near Bryan, where Mrs. Lamm taught, to levy an assessment of 5 cents a day for pupils so the teacher might have funds

enough for food and clothing. For eight years she instructed the young idea how to shoot, in a mental way. As she also was an accomplished pianiste she decided to give some of the more promising pupils music lessons. But few of these knew what a piano was until they saw the instrument for in that day and time musical education among the younger generation was almost a rarity. Many of the grownups in that vicinity came from miles around to hear Mrs. Lamm play.

Among her other accomplishments and which she learned in Montgomery, Ala., was the "sticking of type" in the composing room of the Montgomery Advertiser, which is yet one of the leading journals in the South. In fact, almost the entire force of printers on the Advertiser was made up of the feminine sex during the Civil War. The male printers, who were not too old or disabled, had gone to the front for the South. It was in Montgomery she met Mr. Lamm and afterward became his bride. They went far afield on their honeymoon, coming to Texas and here they have been ever since.

Service for the South.

Mr. Lamm was born in Muscogee County, Georgia, Oct. 20, 1841, and in 1851 the father moved to a village near Louisville, where a year later, the father died leaving Angus Madison Lamm an orphan with no means of support and rather meager opportunities. Schools were few and chances for learning were limited. The lad was taken care of by an elder brother.

At the outbreak of the Civil War Mr. Lamm, being in sympathy with the Confederacy, joined the Southern Rifles at Union Springs, Macon County, Alabama, in February, 1861, and was enlisted and sworn into the Confederate Army at Montgomery, Ala., on the second or third of April. After being mustered in he was assigned to the Third Regiment, Alabama Volunteers, and remained as such until the close of the war. The regiment was a part of the Battle's Brigade and under the leadership of T. Forsythe of Mobile, Ala., the adjutant. His first exploit in the war was the Battle of Seven Pines, in the summer of 1861, and he was wounded. In the Battle of Chancellorsville, where Stonewall Jackson was killed, Mr. Lamm was severely wounded and was taken to the Howard Grove Hospital, where he remained for treatment until the surrender of Richmond when he was made a prisoner of war, and remained there two and a half months because he did not want to take the oath of allegiance to the United States. It was on June 16, 1865, that he swore allegiance to the United States.

These were trying times for Mr. Lamm as he could not well adjust himself to the commands and whims of the liberated slaves who now seemed to have command and control of the situation. During captivity their food was scant, and sometimes meals rather far apart. The prisoners never complained about the "bill of fare," they feared that the supply might be reduced. Soup and a few beans, hard tack and water kept the body and soul together. In the great sad conflict between the North and the South all watched the fight between the Merrimac and the Monitor. The land forces had been apprised when the conflict should take place, so early on that day a large number of the members of his regiment walked seven miles to the mouth of the James River and saw the battle between the sea fighters.

The closing scene of this savage conflict was a sad ordeal for the South.

The men of Company "D", Southern Rifles, had few left to answer roll call, and when the arms were stacked they surrendered three guns, one ambulance corps composed of Vis Bryant, D. Pipkin, W. O. Farrier, Tom Yarrington and Neil Graham of the ambulance corps. His lonesome journey was sorrowful as he trekked his way southward to Greenville, Ala., to again meet his older brother who had command of the place. Before he reached home he heard the grievous news that his brother had died, thus leaving him destitute of worldly goods. Although he was defeated in war it did not vanquish his ambition to start life anew. He went to Montgomery where he opened a paint shop and began to accumulate a few of the worldly chattels. It was here he met a fair damsel of the Southern aristocracy who had suffered the hardships of the Civil War and was ready to follow Greeley's advice. On Dec. 9, A. M. Lamm and Miss Lennie S. Gillen were married. They immediately started on their honeymoon to Texas and came to Bryan, where they resided for 20 years.

An Early-Day Teacher.
Mrs. Lamm was born in Wills County, Georgia, on Oct. 19, 1848. She was the only daughter of a wealthy slave-owner who resided in Montgomery, Ala. As a girl she enjoyed almost unlimited privileges. She had a splendid musical training and was a talented pianist. During the war she was employed as a typist in the Montgomery Advertiser, which paper is still published. The entire force of the Advertiser consisted of girls during the war.

When Miss Lennie married, the group of workers presented her with a large Bible, which she took along to Bryan, and still has it in her possession. When the young couple came to Bryan, Mr. Lamm followed his vocation as farmer and painter, while Mrs. Lamm heard the call to join the educational forces. On Sept. 14, 1871, she took the teachers' examination under A. W. Leedom, supervisor of the 28th judicial district, and received a second class certificate valid for one year. This certificate was issued by the first State Superintendent of Texas after Texas was released from military rule. Dr. DePort Smythe acted as county superintendent when Mrs. Lamm started her pedagogical labors. Funds were meager and salaries very low. The superintendent recommended to the patrons of the Prospect School where Mrs. Lamm taught that they levy an assessment of 5 cents a day per pupil to supplement the State funds. Mrs. Lamm taught eight years. She also had music scholars, but at this early period few people had ever seen a piano, much less know how to play one. The people from Bryan came for miles around to hear Mrs. Lamm perform on the ivory keys. Mr. Lamm was a splendid violinist, and together they played on many occasions, especially dances where the reel and square dance were much in demand. They still have the violin and Bible

which they brought with them from Alabama, but they are not used now, only as ornaments in the home. The last public performance of Mr. and Mrs. Lamm as musicians was at an Eastern Star celebration about five years ago.

In 1890, Mr. and Mrs. Lamm came to Hondo, Tex., where Mr. Lamm started a mercantile business. In 1894, Mr. Lamm was appointed justice of the peace for Precinct No. 1. To this office he was re-elected until 1927, when he refused to serve longer, and declined the re-election. During the period as justice of the peace, aside from the criminal cases that he disposed of, he married over 500 couples, among them a good many Mexicans.

Mr. Lamm is now 90 years old and Mrs. Lamm is 83. They have been married 62 years, and have lived in Hondo 42 years. They have no children.

HORNETS WIN FIRST GAME.

Off for a running start the Hondo Hornets, local girls' basket ball team, defeated the Sabinal town team on the home court Monday night with a score of 36 to 10. The Hornets were wary of this game, the first of the season, with Sabinal, who has for years been a weighty rival in the field of basket ball, but after a stiff fight the locals rang up a lead in the first half which the visitors were unable to overcome.

The Sabinal team, however, is of more recent organization than the Hornets, and in a short time will have a combination of players hard to beat. Especially noteworthy in Monday's game was the splendid team work and fast playing of the visiting girls. Their weakness, however, rested with the forwards; the ball was in the opponents' territory a great part of the time but the Sabinal forwards failed time and again to make the goal. On the other hand, the Hornets were weaker in team work, especially in center and guard positions, but the work of the forwards was admirable. The ball seldom lingered in Hondo territory as almost every toss at the basket rang up two points for the locals. With more and harder practice the Hornets hope to win a succession of victories over their opponents.

The following are the line-ups at the start of the game:

Sabinal, Davenport and Calcott, forwards; McGinnis, jumping center; Crews, side center; Alexander and Gibson, guards. Substitutes were Andrus and Butler.

Hondo, Irene Haass and Mary Ruth Cameron, forwards; Anne Davis, jumping center; Mrs. Joe Meyer, side center; Anne Brucks and Libby Shoor, guards. Pearl Fawcett, Irene Schweers and Mrs. Joe Meyer later went in the game as guards, and Dorothy Ulbrich as side center.

Officials were Mrs. Nora Bendele, referee; Miss Perry Chamberlain, second referee; Miss Sue Heatly and Miss Andrus of Sabinal, score keepers; Jack Bradley and Erwin Goodin of Sabinal, timekeepers.

L. A. Zimmerman's

Pennsylvania

Herd

PENNSYLVANIA'S LEADING
HOLSTEIN HERD.

This herd has an average milk production of 15,958 lb. and an average butterfat record of 519.6 lb. The highest individual milk record in the herd was 23,549 lb., and the lowest record was 11,673 lb. In butterfat the highest record was

723.4 lb. and the lowest 382.1 lb. Mr. Zimmerman's herd numbers twenty cows, ten heifers and one bull. Mr. Zimmerman's beginning in purebreds points back to the spring of 1921, when the Farm Bureau had interested a number of farmers in purchasing purebred heifers that were brought in from Michigan. Twenty-one head were brought in at that time. Mr.

Zimmerman bought two of these in the spring of 1921 and then in the spring of 1922 he bought two more of the same carload which had been previously owned by other farmers in the county. These four animals were brought in from Livingston County, Michigan. In the summer of 1921 Mr. Zimmerman purchased four high grades from Wm. F. Rhoads, one of the leading dairy breeders in Bradford County. Each of these cows had C. T. A. records. This past September one of these cows took the leading place in milk production in the State. In the spring of 1924 Mr. Zimmerman bought four females and one male at the Flock Brothers' sale at Williamsport. The bull purchased at that time was Sylva Alcarita King. The dam, Eco-Sylv Rauwerd, was sold to the Detroit Creamery Company, and in 1924 under a yearly record, she produced over 1,100 lb. butter and over 24,000 lb. milk. A full brother to this dam is used in the Michigan State herd. The sire of Zimmerman's herd bull is a son of the famous Tilly Alcarita, who was twice a world's record milk producer—each time above 30,000 lb. All but six of Mr. Zimmerman's females are purebred.

Mr. Zimmerman has had an accredited herd for the last three years. He was one of the first farmers in the State to be interested in the tuberculin test. His milk has been retailed in Landsford since he started in business. He receives 7c a quart at his farm. In his feeding system he follows the suggestions of the Extension Association and of the dairy specialists of Pennsylvania State College. Through the success that Mr. Zimmerman had in the purebred business many of his neighbors have made a beginning in purebred Holstein-Friesian cattle. Mr. Zimmerman is a staunch supporter of the Agricultural Extension Association and gives the Association a great deal of credit for having the herd that he has at the present time.

Mr. Zimmerman's farm is located about six miles from Leighton, along the concrete road leading from Leighton to Tamaqua. He has been owner of this farm for the last eight years, and for the last twenty years the farm has been in the Zimmerman name. The farm consists of 103 acres, of which fifteen acres are in permanent pasture. Within the last few years six acres of this farm have been drained. Thirty acres of the farm are in alfalfa every season. General farming is practiced. The barn is equipped with stanchions,

drinking cups, litter carrier and feed carrier; also, with calf pens and a maternity stall. Two large silos are built at one end of the barn. An up-to-date house and an ice house are also part of the farm buildings. The house is in very good condition and contains all the modern improvements.

Mr. Zimmerman in speaking of his success as a farmer and dairyman, gives great credit to Mrs. Zimmerman, who has worked with him and has taken much pride and interest in building up their excellent herd of high producing Holsteins.

This herd has been enrolled in cow-testing association work for several years with the following results:

	cows	lb butterfat	lb. milk
1925	20	519.6	15,958
1926	17	482.9	15,056

1928	22	467.5	13,655
1929	24	442.8	13,691
1930	24	517.9	15,615

OLD AGE PENSIONS.

By J. W. Recknor, Jr.

The time is coming, and it is not far off distant, when the majority of our people must realize and understand the need for old age pensions. It is not only right from a moral viewpoint but it is commendable from a business point of view. This we shall see in the discussion that follows.

The opposition to pensioning the aged claims that such a law would be an incentive to be spendthrifts. This we deny. The person that loves a dollar will hold on to it, though he has a million more. Isn't this a fact? Some people are just born that way. Teaching thrift will help some. It will help just about as much as it would to teach me music the next ten years when I have no talent for music. You know what kind of a musician I would make!

Some opponents argue that a young fellow should train himself to save. From the fore-going how can he train himself if it's not in him naturally? A man is not responsible for the kind of brain he has. He is responsible for only what he has. I have no talent for music, and I am not responsible for it.

Letters to

The Editor.

This is a time of resolutions and good intentions to begin the New Year on the right foot, and for the household manager it is the time to make her plans for the entire year ahead—a year full of opportunities to give delightful, informal parties for the children, small family affairs that will please the menfolk, and for the more comprehensive entertainments that include the entire rural community. In the coming year there are birthdays, anniversaries, holidays and as Father Time advances, weddings and graduations—just lots of party days. And by the way, won't some of you readers write us how you observe these days? We would like to share in your fun.

H H

But to begin this New Year 1932 aright so that it may prophesy the many happy times you may have during the year, give the New Year's Costume Party as planned by Juliette Frazier in this issue of FARMING. Grown-ups as well as children will delight in a "dress-up" party as this one. It is exceptionally well described and should be easily given by any hostess. You'll find your guests ready to fall in with every suggestion and like it.

H H

Emma Allen Bailey of Midland, Texas, has generously sent us two of her favorite recipes given in these columns. Mrs. Bailey has many friends who vouch for them as their favorites too. You might get busy with something new and delicious for the luscious appetites of hungry children now that the holidays are over and school is on again, and for the men with their men's appetites as well. I'm sure these recipes will be their favorites too. If so, write Mrs. Bailey and tell her so. It will please her immensely.

Won't you let us publish your particular dish or your formula for making household duties lighter?

A NEW YEAR COSTUME PARTY.

By Juliette Frazier.

Are you looking for an evening's entertainment that will make the closing night of the old year one to be remembered? Invite your friends to watch out the old year with you at this jolly costume party. Send your invitations on pretty New Year cards, explaining that each guest is to come in a costume representing some month or some anniversary of the year, and add that a prize will be given for the most novel and attractive costume.

Ask one of your men friends who is a good reader to come dressed as "Father Time". He will help you out in the program as the evening progresses. Hang plenty of scarlet bells among your Christmas decorations, for it is not necessary to replace the Christmas wreaths and stars with an entirely new scheme of decorations. If you open the festivities with some old-fashioned dances, the guests will have an opportunity to display their costumes and the prizes can be awarded. Then give "Father Time" the floor and let him read his will, bequeathing the mistakes, broken resolutions and different amusing happenings of the year to various members of the assemblage. Here is a chance for plenty of merriment if the hostess is well acquainted with her guests.

Of course, telling fortunes is always popular. The following is a unique way of doing it. Provide as many sheets of paper as there are (Continued on page 14.)

HIGH SCHOOL HAPPENINGS

FROM THE OWL

COUNTY MEET DATE SET.

The directors of the County Meet met in the High School building last Saturday and set the dates March 5, Saturday and March 11-12 for the Meet. Tennis and playground ball will be on the 5th as it was last year and the Meet proper will be on the 11th and 12th. A complete schedule of all events will be printed at a later date.

So far there has been considerable interest shown in some of the events and very little in others. Mr. McDowell and Mr. Fluker report several entrants in girls and boys declamation but they need more. There is one girl out for extemporaneous speech and no boys at all. These events will be entered by other towns in the county and we should not donate the points without a struggle. Candidates for track have not been called out yet. Track will start in about two weeks. Remember that to be a Junior in track or in literary work you must not have been 15 on September 1, 1931. You may have passed your fifteenth birthday since then but so long as you were 14 on Sept. 1 you are still classed as a Junior.

Miss Tweedy reports more enthusiasm on the volleyball team than there ever has been but there is a woeful lack of experience. This may be overcome though by constant and consistent practice. The girls will have to work at volleyball as well as play it. Ask the boys on the football and basketball teams. They put in more time working at the game than they do playing. It takes that to win.

Spelling, arithmetic, playground ball, etc. have already started in the grades in preparation for the Meet. Hondo won the entire Meet easily last year but we cannot rest on that this year. Whenever one begins to feel that they are pretty good someone is very apt to slip up on them. Get ready for that Meet and let's win again.

THE BADGERS.

The Hondo Baptist Badgers, a local basketball organization, now playing in their third year against independent and high school teams of Southwest Texas, are again having a successful season. Starting the year with five letter men and six recruits the Badgers so far have played nine games and have lost only two of them. They have won three games with Hondo High School, one with Yancey Town Team, one with Knippa High School, one with Sabinal Town Team, and one with Leakey Town Team. They have been defeated only by Yancey Town Team and Brackettville, and both of these games were lost by a small score due largely to the absence of several regular players. The Badgers won their first five consecutive games, lost the two, and have now, it is hoped, begun another winning streak with two consecutive wins.

The Badgers expect to continue their season with at least two games each week; one on Tuesday night and one on Friday or Saturday night. In the near future they will play several strong independent teams of San Antonio, who will come out here to play on the local court.

The letter men of the team are: Glynn Jones—2 years
Ralph de Montel—1 year
Bradley Bailey—2 years
Jack Mask—2 years
B. C. Rucker—2 years
The new comers are:
Jack Bradley
Irvin Gooding

THE SPANISH CLUB.

The Spanish Club met at the school Thursday night at 7:00 P. M. This meeting was an all Spanish speaking meeting and several fines were levied on various members for speaking English. Pancho Rucker was elected Sergeant-at-Arms to help keep peace. Mr. Fluker had prepared an interesting program consisting of several games played in Spanish. Prizes were awarded to Robert Zuberueler for moving the quickest and Thelma Wilson for talking the fastest.

EXPRESSIONS OF SYMPATHY.

The members of "The Owl" staff and the student body extend their deepest sympathy to the L. J. Van Fleet family on the tragic death of their husband and father, Louis J. Van Fleet.
Mr. Van Fleet, who was the father of Miss Lucille Van Fleet, a member of the Senior Class, was drowned Sunday night, Jan. 17, near Yoakum, Texas. Funeral services were held Monday afternoon.

SCHOOL SPIRIT.

All of us have a certain amount of school spirit. Let's show it. If we don't participate in our school activities or back them in some way, we have no reason whatsoever to complain if our school should drop back in its activities. But let's not let it drop back! Let's help it so that it will always win, and win fairly and squarely! This is one of the best times in the school year that we can show our loyalty to our school. With the beginning of our baseball season, we need to show the team that we are supporting it. Very few teams, regardless of how strong they are, can win every game without some manifestation of school spirit and loyalty on the parts of the other students. Our team is no exception; if we expect it to win, we must give it our best encouragement.

Another way in which most of us, in one way or another, can help our school is by participating in the county meet events. Are you a student who has never entered one of these contests? If you are, then right now is the time to enter. You may not win at first, but what of it? Columbus took a chance. Maybe yours won't be as note-worthy but you will at least have the satisfaction of knowing that you did your part. But often those who do not come out ahead are the ones who deserve credit for the winner's victory. They are the ones who gave the winner competition enough for him to win the final contest. Isn't that something to be proud of?

Let's not be too bashful to get before the public and show what we can do for our school. Or let's not excuse ourselves by saying that we are too busy. Just think of what the school has done for us; how it has helped us wonderfully in many different ways. Think of what position in life we would hold today if it wasn't for the school. Then, are we willing to help our school, even in a small way? It won't take so very much of our time and energy. And then, the satisfaction of knowing that we did our part! So let's all support our school in the best way that we know how, and when we are called upon to do something for it, let's do it willingly.

WHAT TO DO IN CLASS

Be late to class, walk slowly in the room, grin silly and hollow to all your classmates—the teacher the better. Be nonchalant; sneaker over to the window and run all the shades up to the top. If it's a cold day, open the windows—it will give the girls a thrill.

If you sit near the teacher's desk, pile all your books and things there; lord it down. It assures them of your chummy feeling, and makes a good impression on Mr. Barry.

Or better still, do not bring your pencils, books and paper to class, just a lot of bother, and you might have lost them.

Chew gum. Two or three sticks are best. If the teacher tells you to throw it out, pretend that you don't hear him.

Talk to your classmates during class. It shows that you are socially inclined. If the teacher should tell you to keep quiet, don't do it. He is just jealous of you.

After the teacher asks you a question for the third time, come alive, look injured and say, "Ma'am?"

After having explained four times how Columbus crossed the Delaware, ask brightly how he did it. They'll think you are interested.

If they read poetry in class, drop a compact, fall out of the desk, or just go to sleep. Easiest way to catch up on beauty anyway. A sudden noise adds a climax, and the teacher will love you for it.

On test days never get the assignment for the next day. Tell the teacher he forgot to make it. It's a good alibi, and he'll be glad to hear it, especially if Mr. Barry is around. If you haven't gotten your lesson, just tell the teacher that you left it in the other notebook in the dormitory, and when they say they're sorry but they can't read it that far off, cheerfully volunteer to run all the way to the office and try to get a telescope.

If the lesson gets too dull or you can't find paper to write notes on, leave the room and walk around the halls, be sure and get a drink and visit all your friends. Teacher won't care. He'd want you to get a drink if he knew you're nearly exhausted.

HIGH SCHOOL STUDENTS.

Rosa Lee Hendrikson is a new member of the Senior Class, and her brother, Wylie Hendrikson is a new member of the Junior Class. Both students previously attended school in Trio.

1932 BASEBALL PROSPECTS.

Followers of the Hondo High School baseball teams are wondering just now how the 1932 edition of the "Owls" will fare, and how the coaches are going to fill the vacancies caused by the loss of such stars as Windrow, Wilson, Rothe, Droittcourt, Langfeld, Leinweber, Taylor, Reynolds, and Stanley. Of the thirteen lettermen from last year, only four are available for duty this year: Embrey, last year's reserve catcher; Rucker, first baseman; Parsons, second baseman; and August Finger, shortstop. That leaves the pitching assignment, third base, the whole outfield, and some good reserves, to be filled with new material. The pitching will be well taken care of by Tom Finger, a left-handed transfer from D'Annis, and August Finger, who will take regular turns in the box. Parsons will probably be moved to short when August is pitching, and Rucker moving to second, Tony Taylor drawing first base.

Several candidates for the team have reported for practice. The most promising are T. Taylor, Schweers, Rothe, Dawson, Jones, Weber, Hendrickson, Noonan, Riff, Smith, Lancaster, Clifford Stiegler, and Grube. Practice will start in earnest next Monday, and suits will be issued before the week is over. The Plaza is in the best shape it has ever been at this time of the year, and with a little work will be, as usual, the best diamond in the district.

DEATH OF MRS. (HARDCASTLE) OF HIGH ROLLS.

The death angel visited the High Rolls community and took away another loved one when Mrs. F. M. Hardcastle, aged 71, passed away Wednesday, 9th, at the home of her daughter, Mrs. W. A. Smith where she had lived for several months. She had been ill since July and had consulted several physicians and surgeons, at last resorting to electric treatments. She like Job, under her suffering, only proved more faithful to her God.

She leaves to mourn her untimely death besides her husband three sons and four daughters Taylor Abernathy, of Fort Sumner; Ernest Hardcastle, of Clifton, Ariz.; Mrs. C. B. Lee and Mrs. Floyd Miller, of Apache, Ariz.; Mrs. W. A. Smith, of High Rolls, N. M., and Mrs. T. W. Hampton, of Tucumcari, N. M., and A. C. Hardcastle, Clifton, Arizona.

She has been a faithful wife and mother and for forty years a member of the Southern Methodist Church. Friends mourn and will miss her; we know that this world has been brighter and sweeter by her having lived in it, and through her faithfulness her children shall seek to meet her in Heaven.

Death came as a relief from much suffering, for she heard the angels calling her. She was laid to rest in the Mount Vista Cemetery at Alamogordo, on the afternoon of the 9th, Rev. J. E. Fuller conducting funeral services. We are resigned to know she is safe in the arms of Jesus.

Mrs. Hardcastle was born near Nashville, Tennessee, in 1860. At the age of six she, with her parents, moved to Medina county, Texas and at the age of 18 was united in marriage to Jas. T. Abernathy, to which union one child was born. Two years later Mr. Abernathy died and in 1882 she was married to Mr. F. M. Hardcastle. To this union ten children were born seven of whom survive, as named above.

The above clipping from an Alamogordo, New Mexico, newspaper was sent us by Mrs. W. A. Smith, a daughter of the deceased.

Mrs. Hardcastle lived in Hondo for many years having left Hondo to move to New Mexico. She has many friends in and near Hondo who mourn her passing.

NOTICE.

Yours to serve,

"I was glad when they said unto me, Let us go into the house of the Lord. Our feet shall stand within thy gates, O Jerusalem." Ps. 122, 1 and 2.

Sunday morning at 9:30 o'clock Bethlehem Lutheran Sunday school and Bible class assemble. It is hoped that as many as possible will be present to carry on this interesting and profitable work.

First class and interesting literature for the various newly graduated Sunday school classes has arrived and will be distributed for use Sunday morning.

Divine services will be held in Bethlehem Lutheran church Sunday as follows: In the German tongue at 10:30 o'clock A. M. and in the English tongue at 7 o'clock P. M. All are cordially invited to these and all services in this church.

The Quibi Ladies' Aid society will hold its regular bi-monthly meeting next Thursday afternoon at 2 o'clock in the Quibi Parish hall. An interesting meeting is anticipated. The hostesses of the day will be Mesdames Paul Oeffinger, Ernest Thomas and Andrew Schweers.

Ash Wednesday comes this year on Feb. 10th and ushers in the Lenten season. During this season Lenten services will be held in Bethlehem Lutheran church every Wednesday night at 7:30 o'clock. The Lenten season is a season of great blessings to all who properly keep Lent. During this season the innocent sufferings and death of Jesus Christ are prayerfully contemplated and studied. No one can understand the love of God for sinful man who does not first understand Christ's passion. All are cordially invited to these services.

The Luther League literary-musical program rendered last Sunday night in Bethlehem Lutheran church afforded much wholesome pleasure and entertainment to a large and appreciative audience. In spite of cold and raw weather conditions the local and adjacent communities were well represented and also well rewarded for their efforts. The several musical and literary numbers were very interesting and well rendered. Several new members were received into the League's membership.

Misses Alma and Ida Mae Saathoff Mrs. Annie Saathoff and Mrs. Fritz Fous were co-hostesses at a miscellaneous shower, Tuesday afternoon, January 26, in the Lutheran Parish hall at Quibi, honoring Mrs. Rolf Saathoff, a recent bride.

The color scheme of pink and white was developed, with moss and pot plants for an attractive decoration.

Little Elinor Saathoff and Richard Lynch impersonated the bride and groom and led the guest of honor to her throne, while Miss Hilda Mumme played the Bridal Chorus from "Lohengrin". The following toast was then given by Miss Lilly Schwartz.

Toast To Evelyn

To Evelyn, lovely, and fair of face, With attractive ways and form of grace;

As you embark in matrimony's ship May you enjoy a very happy trip, And if in time of storm the old boat should rock,

Just hold fast and love will bring you safe to dock.

For instance, if your biscuits fail to rise

And your cakes turn out to be pies And your better half, with glowering looks

Compares your efforts with "the way mother cooks,"

Don't lose your temper, 'tis said an advantage may be gained By gently saying, "You're right, my dear, I am to be blamed."

To the bride here's health, We wish you happiness, we wish you wealth

We wish you friends tried and true, We wish you joy, and sorrows few, We wish you wedded bliss, with fortune in store,

How can we, dear bride, wish you more?

Following this was the song of "The Old Oaken Bucket", sung by Miss Elinor Saathoff in a moss covered well. Then Marcellus Garrison drew the presents out of the well and the "bride and groom" transported them in a wagon to the honoree. She was the recipient of many beautiful and useful gifts.

Delicious refreshments consisting of pimiento and chicken sandwiches, coconut and Egyptian cake and cocoa, were served.

The guests numbered about 100.

6 Reasons Why Women Prefer

Mixmaster

MASHES, BEATS, WHIPS, EXTRACTS JUICE and has a salad oil dripper.

- EASY TO USE.** Nothing to hold, adjust or turn as in other mixers. Your hands are free for other work. Mixmaster is always ready for use and really cleans itself. Take off the beaters or not, as you wish.
- SELF-TURNING BOWLS.** They automatically revolve as the beaters run. All the ingredients are forced into and through the beaters. Thus a smoother, finer-grained mixture every time.
- HANDY JUICE EXTRACTOR.** You can remove it after using or leave it on permanently, as desired. You don't have to turn the motor upside down to use this juicer.
- SALAD OIL DRIPPER.** It releases oil drop by drop into mayonnaise dressing, etc., at any speed you set it for.
- MOTOR TIPS BACK.** To use some mixers you adjust the beaters on a stand and hold them while they drain, after using. Mixmaster's motor tilts back—beaters drain right into bowl. You can remove or replace a mixing bowl at any time.
- MOST POWERFUL, LOW PRICED MIXER MADE.** Now only \$21.00 complete.

German Remedy Stops 30-Year Constipation

"For 30 years I had a bad stomach and constipation. Souring food from stomach choked me. Since taking Adlerika I am a new woman. Constipation is thing of the past."—Alice Burns.

Most remedies reach only lower bowel. That is why you must take them often. But this simple German remedy Adlerika washes out BOTH upper and lower bowel. It brings out all gas and rids you of poison you would never believe was in your system. Even the FIRST dose will surprise you. W. H. Windrow, Druggist.

BAYER ASPIRIN is always SAFE

Beware of Imitations

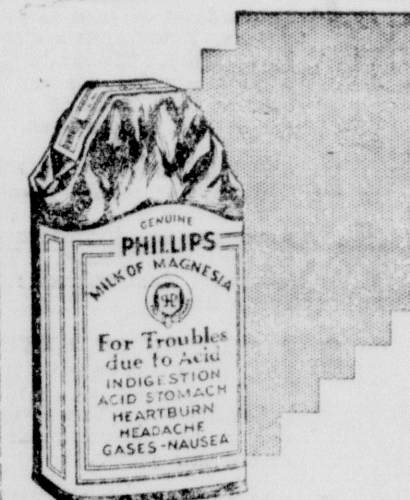

GENUINE Bayer Aspirin, the kind doctors prescribe and millions of users have proven safe for more than thirty years, can easily be identified by the name Bayer and the word genuine as above.

Genuine Bayer Aspirin is safe and sure; always the same. It has the unqualified endorsement of physicians and druggists everywhere. It doesn't depress the heart. No harmful after-effects follow its use.

Bayer Aspirin is the universal antidote for pains of all kinds.

Headaches Neuritis
Colds Neuralgia
Sore Throat Lumbago
Rheumatism Toothache

Aspirin is the trade-mark of Bayer manufacture of monoaceticacidester of salicylic acid.

Reduce the Acid

SICK stomachs, sour stomachs and indigestion usually mean excess acid. The stomach nerves are over-stimulated.

Too much acid makes the stomach and intestines sour. Alkali kills acid instantly. The best form is Phillips' Milk of Magnesia, because one harmless dose neutralizes many times its volume in acid. For 50 years the standard with physicians everywhere.

Take a spoonful in water and your unhappy condition will probably end in five minutes. Then you will always know what to do. Crude and harmful methods will never appeal to you. Go, prove this for your own sake. It may save a great many disagreeable hours.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians in correcting excess acids.

More Banks Opening.
The reopening of many banks
was closed last fall. The latest
reorganization are the
banks at Brownwood and
others. Numbers of others have
opened. In fact, Bank
under way. In fact, three-
fourths of the closed banks are again
opening and most of the others
are. There appears to be even
prospects that the big City
Bank at San Antonio, regarded
as one of the worst
of the year, may soon be re-
opened. The bank statements of
1931, were most interesting
literature, in that they show
the money in Texas banks.

Grain Crop Growing.
Texas has never had better Jan-
uary prospects for wheat and oats
than now. The rains have started them
growing rapidly and now there is
enough dry weather to pass-
the fields and enough stock to
the grain from growing too rap-
idly. In the Texas climate there is
some danger that grain crops
develop joints through such fast
growth as will cause them to suffer
severe late frosts. Farming is
business that requires much intelli-
gence.

Why Business Failures.
A survey recently made of 1,500
business failures, showed that the
principal causes of failures, in
order named, were: failure to
keep books, speculation or gambling,
neglecting debts beyond ability to
pay, neglect of business, au-
thorized accident claims, gross ex-
aggeration, fraud and "excessive op-
erations." It is well enough for all of
us to study these reasons. There
is one farmer in a hundred who
keeps books, but there is no business
which book-keeping is needed more
than farming. Keep on doing the same
over and over, year after year,
and you will fail. Keep on doing
it until they fail.

Washington Bi-Centennial.
Many people think that American
history has about disappeared.
Interest shown in the Washing-
ton Bi-Centennial this early in the
year, shows that. Nearly every
community is arranging for
some kind of celebration on February
22, the Washington birthday. Some
expect to have a series of cele-
brations throughout the year. The
patriotic pride is to be car-
ried to the schools and to be dem-
onstrated in school exercises. It all
seems to be a return of National
pride and of State and local interest
in the events of the past. In-
stead of proving a great
disappointment to State-wide interest in the
Texas Centennial, and to
some extent should be turned in
direction.

Garner Interest Grows.
The progress of Texas is so close-
ly tied up with some political move-
ment that it is hard for me to
mention political mention occasional-
ly. For instance, the campaign for
John Garner for president
affects all Texas and Tex-
ans. When his close friends began
mentioning Garner's name for the
presidency, but little thought of
him as a neighborly com-
ment. But now that Hearst and
other leading Eastern men
are telling the reasons why he
should be nominated, political
interest throughout the country are
growing. "Why not?" It looks like
Garner may get the solid Texas
vote, and that the Southwest
be in a strategic position to
elect a president. Garner seems to
be the "child of destiny," and cer-
tainly can measure up in intellec-
tual and political stature with any
man who has preceded him in recent
years in the president's office.

Taylor Mattress Business.
Mattress manufacturing com-
pany that had only a local business
years ago at Taylor, has been
moving out for more business and
made a contract to supply the
United States government with 50,
000 mattresses to be made of Texas
cotton. Why not? There is no bet-
ter cotton country in the world
than the local business men to
manufacture and sell it to the
United States.

Selling Texas Tile.
The Brownwood plant has supplied
tile with 85 cars of Brown-
wood tile that has kept the
plant running over a period
of which it might have been
closed but for this contract. Tex-
as tile was also used for the
work and much other Texas
tile went into this, the largest
tile housing enterprise ever un-
dertaken in the Southwest. Texas
tile is the best rock for cement and
tile anywhere. Texans know

how to convert these natural prod-
ucts into the best building material.
Texas needs to push the sale of
its boundless supply of building material
of all kinds.

Willow Charcoal Plant
A Brownwood painter has de-
veloped an unusual kind of busi-
ness—a factory for manufacturing
willow charcoal sticks for use of
artists, sign painters, architects,
draftsmen and engineers. The only
other place in the world where this
kind of business is carried on is in
Paris, France, it is said. A dealer
in artists supplies in St. Louis is
to place the article on the markets
of the world at a lower price than
it can be obtained from France.
The plant now has a daily capacity
of 500 boxes of 50 sticks each, made
in eight furnaces capable of char-
ring 1,000 to 1,200 sticks at a time.
The manufacturing is done under
a special patented process that not
only turns out the artists' sticks,
but makes a high grade varnish,
coal tar and floor sweeps from the
residuary contents.

Farm Dressed Turkeys
Texas turkey growers, heretofore,
have been selling turkeys on foot
to brokers who have had them
dressed and packed for market.
Baylor county farmers, under di-
rection of the farm agent, have
tried farm methods of dressing tur-
keys for market along with co-
operative marketing and have found
it successful. It is claimed that
Northwestern growers, by dressing
their own turkeys, and thus giving
them better care than professional
pickers, have been able to secure
more uniform and better prices, in
addition to providing for more labor
on the farms. Farm refrigeration
or rather lack of it, is the only
drawback to the method in the
warm climate of this State. This
can be overcome by the use of ice
storage boxes or electric refrigera-
tion.

Marketing Turkey Eggs
McCulloch county farmers have
contracted to deliver between 7,000
and 10,000 turkey eggs to a North-
ern hatchery beginning Feb. 15, at
prices ranging from 17 to 22 cents
each, according to time of delivery.
The county farm agent figures a
profit in this, as follows: The aver-
age turkey hen should lay 40 eggs
a season. At 20 cents this would be
a return of \$8 per hen. Not a bad
business, it would seem.

Bluebonnet-Lined Roads.
Efforts are being made in Wilson
county to line all the public high-
ways with bluebonnets. In DeWitt
county, fair progress is being made
in the planting of pecan trees on
highways. The combination—the
Texas tree and the Texas flower,
the pecan and the bluebonnets—
would be useful and beautiful and
attract attention from all tourists.
Why not extend the idea to all the
highways of the State and get them
all tree and flower lined by the
Centennial year, 1936? Nothing
else could secure more favorable
comment. This is a work that Mrs.
J. K. Peretta, of San Antonio, who
has done so much to spread the
fame of the Texas flower, could do
well if she could secure the co-op-
eration of the Texas Garden clubs,
and I take the liberty of suggesting
that she undertake it.

Pearl Button Industry.
The mussel beds of the Eastern
rivers are becoming so covered with
silt that other sources of supplying
are being sought and attention is
being directed to Texas streams as
a source-supply for the \$7,000,000
annual pearl button industry. The
bureau of fisheries is now engaged
in breeding mussel stock in Texas
streams for experimentation with
every prospect good for developing
the industry in this State.

**OLD HOG CURING METHODS
IMPROVED.**

Hog killing weather calls attention
to the modern killing, cutting and
curing methods brought by county
agents to Texas farms to give pork
products equal in quality to packing
house meat. The "Extension Service
Way" of handling this meat, as out-
lined by specialists of the Service at
Texas A. and M. College and demon-
strated by county agents all over the
State, differs sharply from the old
farm way. Killing is done by stick-
ing to insure a good bleed; the clean-
ed and dressed carcass is split down
the center of the backbone; cutting
is entirely different and is delayed
until after the carcass is chilled; and
a superior dry cure is used.

The steps in cutting to give the
greatest amount of good meat with
the least waste are: 1. Cut off head
at first joint behind skull, 2. remove
shoulder between fourth and fifth
rib, 3. bone out neck bones and ribs
from shoulder, 4. divide shoulder into
picnic and butt by cutting across
shoulders at point where neck bones
were taken out, 5. remove ham at a
line half way between rise in back-
bone and pelvic bone and at right
angle to shank, 6. divide side into
back and belly, 7. remove ribs from
belly and trim remainder for bacon,
and 8. divide back into loin and fat
back.

The dry cure used by most county
agents is made up of 8 pounds salt,
2 pounds brown sugar and 2 ounces
saltpeter for every 100 pounds of
meat. Half of this mixture is rubbed
on the meat which is packed down in
barrel or stone jar and the other
half rubbed into the meat at the end
of seven days, when meat is re-pack-
ed. Bacon is cured 1 1/2 days per
pound in the piece, and hams and
shoulders 3 days per pound in the
piece.

Any hardwood is recommended for
smoking with green hickory or pecan
preferred. Corn cobs or mesquite
may be used. Thirty hours of smok-
ing should give the medium brown
color desired. Thorough wrapping
is very important to keep out skip-
pers. All paper edges should be
glued. Meat should be hung in a
cool, dry place of storage.

WHO OWNS THE CANDIDATE?

Too many men in public office
serve other interests rather than the
interests of the people. When a man
offers himself as a candidate for
office, therefore, says The Progress-
ive Farmer-Ruralist in a recent is-
sue, it is pertinent to ask, "Who owns
the candidate?" We quote:—

**How One Man
Lost 22 Pounds**

Mr. Herman Runkis of Detroit,
writes: "A few lines of thanks from
a rheumatism sufferer—My first bot-
tle of Kruschen Salts took all of the
aches and swellings out of my joints
—with my first bottle I went on a
diet and lost 22 pounds and now feel
like a new man."

To lose fat safely and quickly take
one half teaspoonful of Kruschen
Salts in a glass of hot water in the
morning before breakfast.

For your health's sake ask for and
get Kruschen—the cost for a bottle
that lasts 4 weeks is but a trifle at
any drugstore in the world and if
after the first bottle you are not
joyfully satisfied with results—
money back. All good druggists will
be glad to supply you.

BADGERS WIN OVER SABINAL AND LEAKEY.

The Hondo Badgers, coached by Mr. Glenn Fluker added two more games to their list of victories last week, when they trounced Sabinal to the tune of 25 to 5; and won over the Leakey Town Team by the score of 29 to 24.

The game with the Sabinal Independents was a fast one even though the score was one-sided. The Sabinal boys were outclassed by the Badgers who played a close defensive game allowing their opponents only five points.

The second game of the week with the strong Leakey town team the Badgers were again victorious. This was the fastest and the best game played by Coach Fluker's squad this season and furnished the spectators plenty of excitement from the beginning of the game to the final whistle.

The game was a close one all the

way through, with the Leakey team leading by a small margin at the half. In the final period the Badgers came back strong and with some very neat passing and accurate goal shooting nosed out the Leakey squad by a five point margin.

Edward Taylor was the outstanding forward for the locals with some very neat field goals to lead his team for high scoring honors. Roy Grant, Badger guard was the outstanding defensive player. The entire squad showed much better team work than in previous games.

The team appreciates the interest of the fans who supported them and hope they will cooperate with them in having a winning team the rest of the season.

cudly, and so talented that Universal has placed her under long contract—along with her bigger sister stars of the screen. Also Slim Summerville and Zasu Pitts, that star-spangled combination of laugh experts, are placed together for the first time in this picture. You'll laugh till you cry!

Those two outstanding Orientals, Anna Mae Wong and Sessue Hayakawa, are very much worthwhile at the Colonial Theatre Monday and Tuesday, where they will be featured with Warner Oland, the original Fu Manchu, in a new episode of the fascinating Sax Rohmer series, filmed by Paramount as "Daughter of the Dragon". For those who like romance seasoned with puzzles, thrills and action evolved from lurking mystery, this production talks right out and says big things to any movie audience. This is a return showing at reduced prices.

One of those events looked forward to and cherished by movie millions, a new Ruth Chatterton picture, is scheduled for this theatre Thursday and Friday. The newest opus for the "first lady" of films is titled "Once a Lady", the story of which is of a Russian adventuress transplanted from Paris to an English environment and of the dramatically woven events leading to an impressive climax. A good sprinkling of English celebrities surround Miss Chatterton in a notable and gifted cast.

On Some Things, Mr. Cattleman, You Must Take Chances . . .

BUT NOT ON VACCINE

"Oh this cheaper vaccine I'm using now is good enough for me," said Roddy Bell, Seminole stockman, to a druggist. I've used it for a year and I aint had a loss yet. That vaccine in the blue box is all right, I know. I used it for years. But I won't take it at that price when for less money I can get just as good results. Right now a penny or two saved on each dose means something to me. If I don't buy where I can do the best, I'm the one that loses."

Later, on Bell's place, the blackleg germ in a highly virulent form struck, taking a number of Bell's choice animals that had been vaccinated with the cheaper vaccine. (The virulence of the blackleg germ is not always the same; some cannot produce the disease nearly so fatally as others.)

Back to the same druggist went Bell. "If I don't buy where I can do the best, I'm the one that loses," he said. "Give me enough GLOBE in the blue box to revaccinate 800 head. I can't afford to take any more chances on cheap vaccine."

For complete protection against blackleg, as well as hemorrhagic septicemia, rous, hog cholera and other animal and poultry diseases, we carry in stock at all times GLOBE LABORATORIES' PRODUCTS (made in Texas) for your use. Their use will save you time and money, and eliminate labor, worry and losses.
